

Davis Regional Office — Davis, CA

July 2018

Walnuts California

Crop Insured

All English Walnuts (excluding black walnuts) adapted to the area are insurable if:

- 90 percent of the trees have reached at least the seventh growing season after being set out; or
- The crop is sixth leaf, you may request the insurance provider to insure the acreage.

Counties Available

Walnuts are insurable in Amador, Butte, Calaveras, Colusa, Contra Costa, Fresno, Glenn, Kern, Kings, Lake, Madera, Merced, Placer, San Benito, San Joaquin, Santa Barbara, Santa Clara, San Luis Obispo, Shasta, Solano, Stanislaus, Sutter, Tehama, Tulare, Yolo, and Yuba counties. Walnuts in other counties may be insurable by written agreement if specific criteria are met. Contact an agent for more details.

Causes of Loss

You are protected against the following:

- Adverse weather conditions;
- Failure of irrigation water supply, if caused by an insured peril during the insurance year;
- Earthquake;
- Fire, unless weeds and undergrowth are not controlled;
- Insects or plant disease, but not damage due to insufficient or improper application of control measures; or
- Wildlife, unless recommended wildlife control measures have not been taken.

Insurance Period

Coverage begins on February 1. Coverage ends on November 15.

Important Dates

Sales Closing/Cancellation	January 31, 2016
Acreage Reporting	March 15, 2016
Premium Billing	August 15, 2016
Termination	January 31, 2017

Coverage Levels and Premium Subsidies

Individual insurance amounts are based on your approved yield. Individual approved yields are calculated from 4 to 10 years of actual yield history that you give to your insurance agent. Coverage levels range from 50 to 75 percent of your approved yield. Crop insurance premiums are subsidized as shown in the following table. For example, if you choose the 65-percent coverage level, your premium share would be 41 percent of the base premium.

Item	Percent					
	50	55	60	65	70	75
Coverage Level	50	55	60	65	70	75
Premium Subsidy	67	64	64	59	59	55
Your Premium Share	33	36	36	41	41	45

Catastrophic Risk Protection (CAT) coverage is fixed at 50 percent of your approved yield and 55 percent of the price election. CAT is 100 percent subsidized with no premium cost to you. There is, however, an administrative fee of \$300 per crop, per county regardless of the acreage.

Price Elections

The price used to calculate your premium and indemnity.

Walnuts \$1.25 per pound

Loss Example

Assume 65-percent coverage, an average yield of 2,200 pounds per acre, 100-percent price election of \$1.25 per pound, and 100-percent share.

	2,200	Pounds per acre average yield (APH)
X	0.65	Coverage level percentage
	<hr/> 1,430	Pounds per acre guarantee
-	400	Pounds per acre actually produced
	<hr/> 1,030	Pounds per acre loss
X	\$1.25	Price election
	<hr/> \$1,288	Gross indemnity per acre

Price used above is for example only. Contact a crop insurance agent for current information.

Where to Buy Crop Insurance

All multi-peril crop insurance, including CAT policies, are available from private insurance agents. A list of crop insurance agents is available at all USDA service centers and on the [RMA website](#).
